Study at Gulf Medical University

About Gulf Medical University

Established in 1998, Gulf Medical University (GMU) is one of the leading private medical universities in the Gulf region, located in Ajman, UAE. It is part of the Thumbay Group's Academic Health System and is recognized by global institutions including WHO, FAIMER, and IMED.

GMU offers undergraduate and postgraduate programs in Medicine, Dentistry, Pharmacy, Nursing, Physiotherapy, and allied health sciences. The MBBS program is internationally accredited and delivered in English, attracting students from over 80 nationalities.

With modern laboratories, simulation centers, and clinical training in Thumbay hospitals, GMU ensures strong theoretical and hands-on medical education.

Why Choose Gulf Medical University for MBBS?

Internationally and UAE-accredited MBBS program

Clinical training at Thumbay hospitals and healthcare centers

Diverse student community with 80+ nationalities

State-of-the-art simulation labs and research institutes

High employability in UAE and other global healthcare institutions

Close proximity to Dubai – access to world-class infrastructure

Annual cultural and sports festivals for overall development

Global collaborations with universities and health organizations

Research involvement for students via Thumbay Institutes

English-medium program ideal for Indian and international students

Why Study in the UAE?

The UAE offers high-quality, globally recognized medical education in a multicultural environment. With world-class healthcare facilities, international exposure, and English as the teaching medium, it is a preferred destination for MBBS aspirants from India and abroad.

Life at Gulf Medical University

Life at GMU is vibrant, inclusive, and globally enriching:

Hands-on training in university hospitals and research centers

Cultural festivals like Global Day, Diwali, and International Food Fest

Participation in GMU Sports Festival with 2,000+ students

Access to advanced digital libraries and e-resources

Safe, well-furnished hostels and Indian food options

Community support from ICD and visiting directors during events

The university promotes both academic excellence and cultural unity through its events and infrastructure.
