The tradition helps to believe that all your dreams will come true — all you need is to make a wish.

## PLANET SOUTH-WEST

The world that students discover at University gives rise to a whole planet — Planet South-West. A big concert in the square in front of the RUDN University Main Building traditionally turns into national exhibitions of National Student Associations, dancing, giving master classes of national cuisines, playing musical instruments. Every year the festival which has taken place **since 1987** merges unique aromas of Armenian dishes, merry melodies of Cuban dances, and soft silks of Chinese dresses.

## COUNSELLING AND GUIDANCE

Starting from their first days at University students fall under the wing of senior students — study groups supervisors, national student associations and volunteers, as well as teaching staff and tutors.
