## UNIVERSITY OF CAMBRIDGE

“Tver State Medical University is the only academy of Russia which is listed by Cambridge University UK in its publication 'Guide to Excellence'. The Cambridge University Students' Union has just published 'The Guide to Excellence', which focuses especially on the work of this prestigious university, but also refers to the excellent work done by UK schools, international universities, and international schools. Tver State Medical University got the honor to be listed for its excellent work done.”

The XI All- Russian Congress of Councils of Young Scientists and Student Scientific Societies within the framework of the Decade of Science and Technology was held in the youth capital of Russia the theme of this years congress is "A Scientist of our Time"

The University opens its door to future graduates graduates of various schools, colleges from the Tver and Tver region. More than 600 people took part in the event, including children with disabilities.

The MBBS program at TVSMU is entirely taught in English, making it accessible to international students and ensuring clear comprehension of the curriculum. The program spans six years—4.8 years of academic learning followed by 1.2 years of practical clinical training—offering a balanced blend of theoretical knowledge and hands-on experience in real medical settings.

Graduates of TVSMU are eligible for major international licensing exams such as PLAB (UK), USMLE (USA), and more. The university's MBBS degree is globally recognized by organizations including WHO, WDOMS, ECFMG, MCC, and others.

With a favorable student-to-teacher ratio, the university ensures personalized attention and high-quality instruction. Its mission is to make world-class medical education accessible to students from all backgrounds, regardless of their country or financial status.
